

## Elevator Pitch (1 Minute)

Hello, my name is **Hardik Maheriya**, and I am from **Surendranagar**. I have gained both technical knowledge and practical experience through my diploma studies, and I truly enjoy applying my learning to real-time projects. My father runs a successful upholstery and curtain-making business, with over 35 years of experience, and his dedication inspires me to work hard and achieve excellence. My strengths include being a **quick learner, adaptable, a team player, and a good listener**. One area I am actively working on is improving my **public speaking confidence** and avoiding overthinking, as I want to communicate more effectively. My career objective is to **utilize my technical skills and knowledge to contribute effectively in professional environments**. I aim to become not only a skilled professional but also a good individual who can make my family proud. After completing my studies, I want to do something meaningful for my family and ensure they feel proud of my achievements. In my free time, I enjoy **playing cricket** and have a deep **interest in history**.
